Fiskernes Fiskesortering har til huse i Fisketerminal Hirtshals og servicerer 343 andelshavere. Der anvendes en yderst effektiv arbejdsgang ved sortering af fisk, som gør det muligt at levere kvalitetsarbejde til Danmarks laveste sorteringspriser.

EU sorteringsregler

På Fiskernes Fiskesortering sorteres fisken efter EU's sorteringsregler, så den er klar til salg på Hirtshals Fiskeauktion og den videre eksport.

Isværk

Fiskernes Fiskesortering ejer og driver desuden det største af Hirtshals Havns to isværker. Der produceres pladeis til fiskerisektoren og forædlingsbranchen. Isværket er indrettet til udlevering af is til et bredt segment af brugere og kan således forsyne såvel fiskefartøjer som biler. Der er også muligt at få udleveret is i kar. Isværket er kortbetjent, hvilket gør udleveringen af is simpel og effektiv.

Fishermen's fish sorting is housed in Fish terminal Hirsthals and services 343 cooperative shareholders. An extremely effective work routine is used for the sorting of fish, which makes it possible to deliver quality work for the lowest sorting prices in Denmark.

EU sorting regulations

At Fishermen's fish sorting the fish is sorted according to EU's sorting regulations, so it is ready for sale at Hirtshals fish auction and for the further export.

Ice factory

Furthermore Fishermen's fish sorting own and run the largest of the two ice factories at Port of Hirtshals. Here plate ice is produced for the fishing sector and the processing industry. The ice factory is designed to deliver ice to a wide segment of users and can therefore supply fishing vessels as well as cars. It is also possible to get ice in basins. The ice factory is operated by card, which makes the delivery of ice simple and efficient.
