Henry Petersen & Sønner er en moderne vognmandsforretning, der med sin alsidige vogn- og maskinpark kan udføre en meget bred vifte af opgaver. For Henry Petersen & Sønner er kvalitet et nøgleord, og de arbejder kun med moderne og top vedligeholdt materiel og udstyr, som betjenes af en erfaren og veluddannet medarbejderstab. Det er en selvfølge, at enhver miljøstandard inden for firmaets arbejdsområder bliver fulgt til punkt og prikke.

Henry Petersen & Sønner arbejder inden for følgende områder:

8 lastvogne, der med forskellige typer lad, containere, trailere og si-deloader kan tilpasses stort set alle former for transportopgaver inden for stykgods og gods i bulk

- Leverancer af betonsten, havefliser, sand og grus samt diverse fyldmaterier

4 kranbiler med kraner i forskellige konfigurationer og 6 blokvogne samt følgebil

- Transport af lang/bred/svær last
- De fleste løfteopgaver af f.eks. bygningselementer, møller, siloer m.v.
- Maskinbaksning af enhver art f.eks. hele proceslinjer eller motoranlæg
- Bjærgning også under vanskelige forhold af f.eks. havarerede biler, vogntog, mindre fly, tog, sammenstyrtede broer og bygninger
- Miljøarbejde med transport af miljøbelastende gods, oprensning af bassiner og forurenede jord m.m.

1 gummiged til forskellige grave- og læseopgaver. Kan tilpasses opgaven

Henry Petersen & Sønner har desuden et stort antal forskellige containere (herunder skibscontainere) til mange forskellige formål, som udlejes til både erhvervskunder og private. Tømning foregår efter kundens ønske. Hertil kommer udlejning af forskellige former for materiel f.eks. truck, saxlifte, bomlifte og minigraver samt salg af brugt materiel.

Henry Petersen & Sons is a modern transport business, which with its all-round fleet of vehicles and machinery can carry out a wide range of work. For Henry Petersen & Sons quality is a keyword and they only work with modern and well-maintained equipment and gear operated by an experienced and highly skilled staff. It is obvious that every environmental standard within the company's working area is followed to the letter.

Henry Petersen & Sons works within the following areas:

8 trucks, which with different types of truck bodies, containers, trailers and sideloader can be adapted to virtually all kind of transport jobs within general cargo and bulk material

- Delivery of concrete blocks, garden slabs, sand and gravel plus various fillers

4 crane trucks with cranes in different configurations and 6 flatbed trucks plus pilot car

- Transport of long/wide/heavy load
- Most lifting jobs of for example building units, mills, silos etc.
- Machine handling of any kind for example entire process bars or engine installations
- Salvage operations also in difficult circumstances of for example wrecked cars, trucks, smaller planes, trains, collapsed bridges and buildings
- Environmental work with transport of environmentally unfriendly cargo, cleaning up basins and contaminated soil etc.

1 front-end loader for different digging and loading work. Can be adapted to the job

Furthermore, Henry Petersen & Sons has a large number of different containers (including shipping containers) for many different purposes, which are rented to both business customers and private persons. Emptying takes place as requested by the customer. Add to this hiring out different kind of equipment for example fork-lift trucks, scissors hoists, bar hoists and mini digger plus sale of used equipment.
